REQUEST FOR QUALIFICATIONS FOR ARCHITECTURAL, ENGINEERING, & LAND SURVEYING SERVICES

1. GENERAL INFORMATION:

Ozarks Technical Community College (“OTC”) periodically solicits qualified firms to provide Architectural, Engineering, and Land Surveying Services for the colleges various proposed and future projects. In compliance with Missouri State Statutes RSMO Section 8.285 through 8.291 contracts for services shall be negotiated on the basis of demonstrated competence and qualifications. Submitting firms are encouraged to send an updated Statement of Qualifications to OTC on an annual basis. If the qualifications of the firm materially change from the information provided in the submittal the firm is to provide a new statement of qualifications to OTC at the time of the respective change.

Selection of a firm to provide services for a particular project will be made from the validated data on file and evaluated on the basis of criteria listed in Section 6A of this document.

3. PURPOSE:

OTC often needs professional architectural/engineering assistance in the design, planning and execution of miscellaneous remodel, infill and new construction projects.

Through this RFQ, OTC is soliciting submittals to have on file for the purpose of selecting a firm(s) with experience in architectural design, architectural interiors, mechanical engineering, electrical engineering, geotechnical engineering, structural engineering, land surveying, and environmental assessments to provide professional services as the need may arise from time to time. For specific construction projects, a separate RFQ may be issued solely for the purpose of the specific project if deemed necessary by the College.

OTC Contacts:

The designated individual responsible for coordination of the RFQ is:

Attn: Blayne Radford, College Director of Project Management
Ozarks Technical Community College
933 E. Central Avenue
Springfield, MO 65802

Any questions relating to this RFQ should be directed to Mr. Radford at (417) 447- 4810 or by email at radfordb@otc.edu.

5. STATEMENT REQUIREMENTS:

- a. Statement of Qualifications shall be signed by an authorized representative of the professional services firm. By submitting a Statement, the respondent certifies that all information provided in response to this RFQ is true and accurate. **Failure to provide all required information by this RFQ may ultimately result in rejection of any Statement.**
- b. Statements should be prepared simply and economically, providing a straightforward, concise description of the firm's capabilities for satisfying the requirements of the RFQ, including professional licenses and authority of the firm to do business in the State of Missouri. Previous year respondents may update their current submittals on file by a letter of validation and/or by replacing only that information which has changed. Annual renewal documents such as the certificate of professional liability insurance shall accompany the letter of validation.
- c. One (1) electronic media copy of the proposals for which the firm's work to be considered shall be submitted to the Agency.
- d. **The following is a list of the required submittal documents:**
 - A. **Statement of Qualifications.**
 - B. **Current Certificate of Professional Liability Insurance.**
 - C. **Narrative responses addressing the Evaluation Criteria listed in 6A 1 through 8.**
- e. The following document or an equivalent appropriate for the submitting discipline must be used by firms responding to the RFQ: AIA B305, Architect's Qualification Statement.

6. EVALUATION AND AWARD OF CONTRACTS:

A. Evaluation Criteria:

OTC will consider proposals only from firms or organizations that, in OTC's sole judgment, have demonstrated the capability and willingness to provide the services contemplated by this RFQ.

Statements will be evaluated using the criteria below and pursuant to Missouri State Statutes in Section 8.289 of Chapter 8 State Buildings and Lands. Each firm is to provide a narrative response addressing the following questions in the order below:

1. Expertise, experience, and qualifications of the firm's key personnel in each relative discipline.

2. Experience in providing services for State, Educational, and Higher Education entities.
3. General experience of the firm.
4. Geographic location of the firm's office in relation to OTC location(s).
5. A/E's recent (past 5 years) experience/history in designing projects within an established "Design-not-to-Exceed" budget. Include total percentage of change orders due to design errors and omissions for these projects.
6. List what design services are typically provided by the firm.
7. Please list three to five references we may contact. Please give the person's title along with their relationship to either a particular project or how they are acquainted with the firm. Email addresses and telephone numbers should be listed.
8. Additional information. Any additional information the firm would like to present to OTC may be listed here.

Generally, a selection committee will consider the firm's overall suitability to provide the required services, including comments and/or recommendation of the firm's previous clients.

For any given project, the selection committee may select according to their best judgment one (1) or more than one firm to establish initial negotiations, based on and from the previous qualified collection of respondents' RFQ submittals on file.

In the event that more than one A/E firm is selected for consideration, a process of selection and subsequent interviews will be followed to confirm the final selection of the firm to provide the requested services.

B. Contract Process:

OTC will engage in individual discussion with firms deemed fully qualified, responsible and suitable on the basis of initial responses. Negotiations will be conducted as the need for services is required. If a contract satisfactory and advantageous to OTC can be negotiated at a fee considered fair and reasonable, the award shall be made for that firm. Otherwise, negotiations with the other firms will be conducted until such contract can be negotiated at a fair and reasonable fee.

7. FEES:

The fee for services for individual projects may be negotiated as a fixed fee, percentage of

construction cost fee, or on a time and materials basis with a “Not-to-Exceed” amount considering the scope of services required, the estimated service hours required for each level/discipline and the hourly rates for the various skill levels required for the work.

8. TERMS AND CONDITIONS:

RFQ Costs:

All costs incurred in the preparation and presentation of the RFQ shall be completely absorbed by the responding party to the RFQ. All documents submitted as part of the RFQ will become property of OTC. Requests for specific material to be returned will be considered. Any material submitted that is confidential must be clearly marked as such.

9. ATTACHMENTS:

Attachment A: Example AIA B305

Responding proposers shall submit on original AIA documents or an equivalent appropriate for the submitting discipline communicating the necessary information.
